To Whom So Ever It May Concern

This is to certify that Visual inspection for existing academic building of "Air Force Golden Jubilee Institute Subroto Park New Delhi" and no sign of distress found on the building. However NDT conducted over the building and reports of test found satisfactory and in line of allowable limits. Few Modifications suggested for seeing addition and alteration over the existing building. Further it is certify that the existing building is stable as per prevailing relevant Codes of Bureau of Indian Standards and national Building code 2005 for structural stability and to withstand the earthquake impact. The seismic zone considered is Zone IV as per IS1893(Part1) 2002. Further, we certify that the structure shall be considered as safe for the purpose it has been designed for. The addition and alteration work shall be completed as per the supervision of the Architect and engineer in charge and as per the design drawings.
